Tekna®

It's Tekna logical

1 Unscrew the Support Arch

2 Adjust hinged gullet width

3 Secure new Support Arch

Now you can re-size your saddle in under a minute, without removing the panels!

Simply unscrew the Support Arch, adjust the hinged gullet width and secure with the new sized Support Arch. Many colour coded Support Arches sizes accommodate any horses' conformation.

LETEK DRESSAGE SADDLE
INCLUDES QUIK-GULLET EASY-FIT SYSTEM

LeTek combines the softness and comfort of leather with the durability and low maintenance of synthetic material. Known for combining traditional saddle craftsmanship with advanced technology, Tekna® takes the next step with LeTek. The saddle upper is the traditional leather product with the advantage of synthetic Quik clean material on the under side combined with Tekna®'s Quik-Gullet Easy-Fit System to create an entirely new product.

Colour: Black
