

SHOWMASTER TRAINING AIDE

Easy to use. Comes with clear instructions so you can guide your horse through four staged positions from beginning to advanced. Helps build correct muscle posture. Spare parts also available.
Available sizes: Cob/Pony or Full/Cob

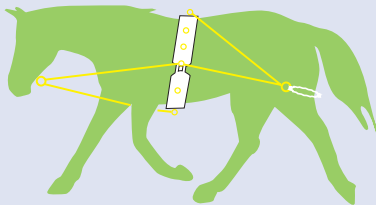

LNG2555 C/P
LNG2555 F/C

FITTING INSTRUCTIONS

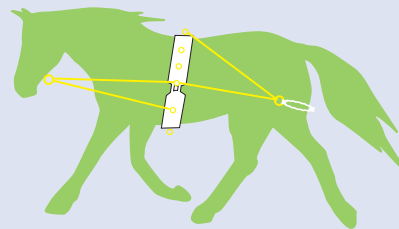

1. Clip the breeching strap to the back of point 4.
2. Press the bit clip through the middle ring on roller and fasten to the bit. Repeat on offside.
3. Fasten the loose clip in the desired position for the first few weeks of work. It is recommended to use position 1, i.e. clip to roller between the horse's front legs.
4. Please ensure the horse's nose is beyond the vertical line in walk. Ensure you do not ever restrict your horse.
